[COMMUNICATED. RAILBOAD TRACK ON UNION STREET .-When that track was laid on Union street, which by the way, is a great privilege to the tion at the fair, can be seen at J. L. Catheart road) it was thoroughly understood by the poople that between the rails planks were to be laid of sufficient thickness to enable vehicles of all kinds to pass over it, but this has never been done. It is not too late to do so now, and I hope the worthy Receiver of that road will order it to be done at once. It is due to the public that this should be done, in consideration, at least, the franchise of the street. As the street now is, and has been for some years, it is tearing to pieces the wheels of our vehicles, and tearing up the gutters by causing the drivers to go in them in avoiding, as they have to do, the rails.

[COMMUNICATED,

It is to be hoped that our worthy superintendent will use sand and not dust on the remaining part of the King street improvement, as it has not been very pleasant for the housekeepers in that locality to keep their houses close to keep out the dust.
